The Guerin Rife Right Hand Barbados Putter

\$179.95

Guerin Rife Barbados Putter

Like all putters from Guerin Rife, the Guerin Rife Barbados putter is Tour driven. Since its introduction on the PGA Tour late 2006 this Guerin Rife oversized mallet putter has found its way into the bag of three of the top 50 players on the PGA Tour whom have enjoyed immediate success (winner of the 2006 Australian Masters). The Guerin Rife Barbados putter is designed to have a pleasing shape wrapped around a three line center cavity section creating a strong alignment aid. By moving the mass to the outer edges of the putter, the Guerin Rife Barbados putter is extremely stable. The Guerin Rife Barbados putter also features both RollGroove and LieAline technologies. As with all Guerin Rife putters, the Guerin Rife Barbados putter is 100% milled and made of mild 304 stainless steel.
